

# Zeroth Level Review

- ☐ Project: **Website for CHESA**
- ☐ Institution: **Government Polytechnic College Nadumangad**
- ☐ Presented by:

**JIJO.S. JOSE (2301150762)**

**AROMAL.BS (2301150758)**

**ABHAY KRISHNA SD (2301150877)**

**MANU M (2301150764)**

**MILAN S MANOJ ( 2301150765)**

# Introduction

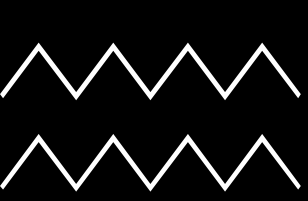

- CHESA promotes student technical development

- Current manual processes cause inefficiencies

- Project aims to build a digital solution

# Problem Statement

- Manual certificate and event handling

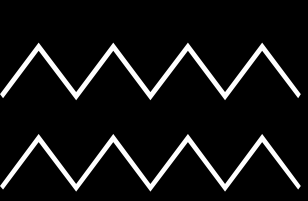

- Poor communication

- Weak documentation of achievements

- No centralized digital archive

# Project Objectives

- Build a centralized platform

- Real-time updates and registrations

- Automate certificates

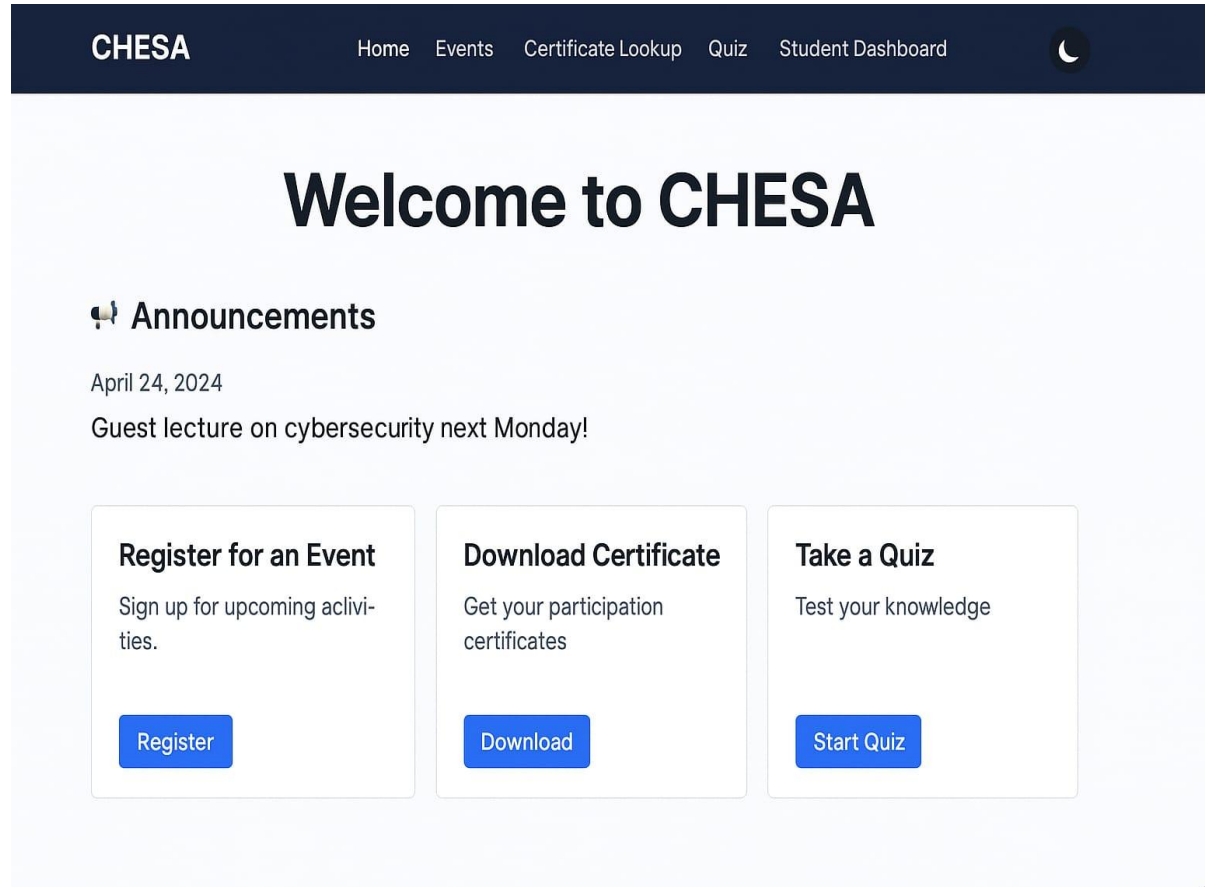

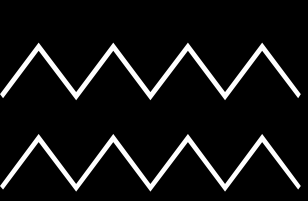

- Archive tours and events

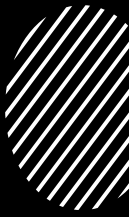

- Improve engagement

# Sample UI (Homepage & Dashboard)

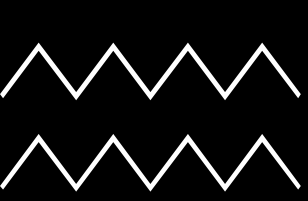

# Scope of the Project

Stakeholders: Students,  
Faculty, Admins, Public

Modules: Event  
Management, Certificate  
System, Study Tour  
Archive, Outreach, Admin  
Dashboard

# Functional Requirements

- User Registration & Login

- Event Listings

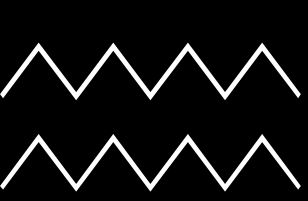

- Certificate System

- Archive Features

- Admin Control

## Non- Functional Requirements

- Responsive  
Design

- Scalable and  
High Performance

- Security and  
Usability

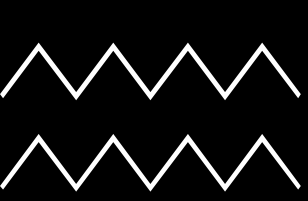

# System Architecture

- - Frontend: React.js, HTML5, CSS3
- - Backend: Node.js + Express.js
- - DB: MySQL / MongoDB
- - Deployment: Netlify, Heroku, etc.

# Security Features

- - SSL Encryption
- - JWT Auth
- - Role-Based Access
- - CAPTCHA & Validation
- - Audit Logs

# Project Phases

1. Requirement Analysis

2. Design

3. Development

4. Integration

5. Testing

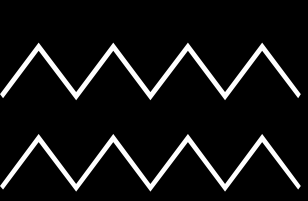

6. Deployment

7. Documentation

8. Training

# Project Outcomes

- Live CHESA Website

- Centralized Archive

- Real-time Certificate  
System

- Enhanced Engagement

## Future Enhancements

- - Mobile App
- - QR Code Certificates
- - Notifications
- - Alumni Portal
- - AI Recommendations

# Key Features

- Multi-role Admin Login
- Event Management
- Certificate Generation
- Quiz Module
- Student Dashboard
- Email Notifications
- CSV Export
- Announcements
- Dark Mode UI

# Conclusion

- - Bridges digital gap for CHESA
- - Enhances transparency & efficiency
- - Demonstrates secure full-stack development
